Certifications Part 3

Type: Learning

Level: Foundational

Time: Hours

Cost: Free

[Additional Details](#)

Introduction to eXtended Reality (XR) Badge

Issued by [Unity College](#)

Earners of the Introduction to eXtended Reality (XR) Badge can describe the full spectrum of XR technology including augmented reality, mixed reality, and virtual reality. They can identify the tools used to create immersive experiences and are able to articulate effective and innovative uses in a wide range of fields and applications.

Skills

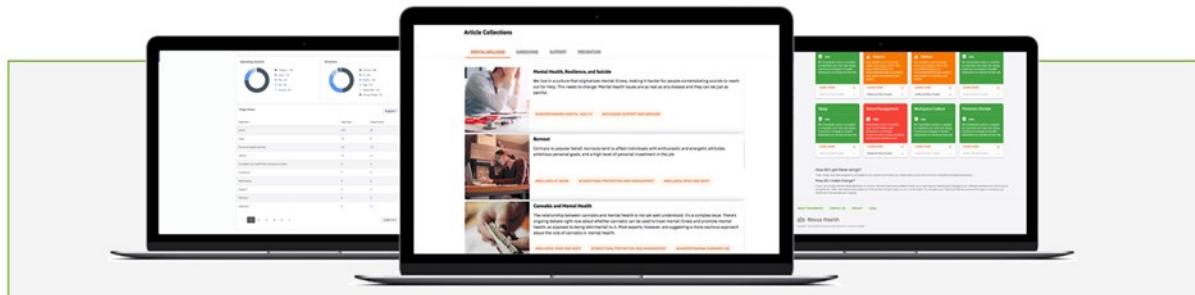

Earning Criteria

Completion of relevant self-paced unfacilitated coursework including: Complete learning units, viewing and interacting with all media, completing the end-of-course survey.

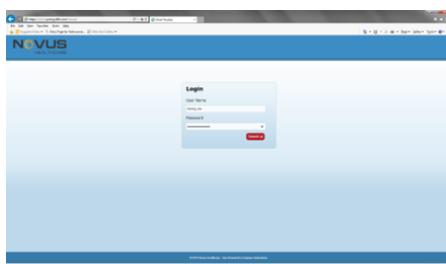

Digital 2023 Portfolio - David Wong - Web App Design & Technical Writing Example

Welcome to the Novus Healthcare database! This tutorial is a brief walkthrough of the user-interface. I will show you how to log on and manage data entry for patients. If you have questions, contact ****@****.com

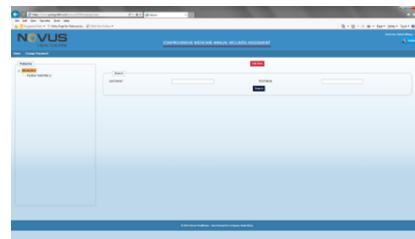

- 1) Log in with MA (medical assistant) credentials at

<https://www.synergyhlth.com/novus/>

- 2) Search for your existing patients on this page or add a new one

- 3) After clicking "add new" you must fill in basic demographic information and then click "update"

The form is titled 'Demographics'. It contains the following fields:

- Last Name*: Testtwo
- First Name*: TestTWO
- Middle Name: Two
- DOB: 11/11/2011
- MRN: 102030
- SSN*: 333224444
- Marital Status*: Widowed
- Gender*: Male
- Language Preference*: Tagalog
- Address 1*: 1111 Sunny Shore
- City*: MIAMI
- Country*: USA
- County*: Citrus
- Zip*: 555554444
- Phone #: (407)911-9119
- Race*: Asian
- Fax #:
- Cell #:
- Ethnicity*: Not Hispanic or Latino
- Referral Source: Dr. Ooi

Buttons: Update, Close

**Notice our test subject "Testtwo" is not accessible to edit yet.
The patient must be assigned to you by a manager account.

- *After clicking "update", notice the input fields clear and the message "Record updated successfully" appears. You may now close this pop-up window/tab.

The message 'Record updated successfully.' is circled in red at the top-left of the form. The rest of the form is identical to the previous screenshot.

The table header has a red circle around the 'Last Name' column header. The table data includes:

Last Name	First Name	Date of Birth	Post of Service
Test	TestONE	06/06/2014	06/06/2014
Test	TestTWO	11/11/2011	
Test	TestTHREE		

Digital 2023 Portfolio - David Wong - Web App Design & Technical Writing Example Continued

- 4) Here a manager account finds Testtwo by name, selects the checkbox, and assigns the patient to the appropriate medical assistant “David Wong – MA”. Complete the process by clicking “Add to Working List”

Last Name	First Name	DOB	Member Id	Plan	PCP First Name	Notes
Test	Dummy	12/12/1973				972467897 6/17/2014
Testone	TestONE	06/04/2014				223456789 6/14/2014
Testtwo	TestTWO	11/11/2011				555554444 6/30/2014

- 5) Back in the MA (David) account, Testtwo can now be edited. Click one of these areas to edit the patient's info.

- 6) You will be taken to the demographics tab, which you can update if necessary, but I will proceed to the Insurance tab and click “Add New”

Digital 2023 Portfolio - David Wong - Web App Design & Technical Writing Example Continued

7) Continue to the next tabs. Fill out as much information as possible. Some fields, especially under functional assessments, may not be applicable. Some fields automatically catch wrong input formats, like dates not in MM/DD/YYYY, or biometric readings with invalid ranges. Proceed to the “View” tab for a compact, aesthetic review of all data. If everything looks correct, close this window. If the data is ready for physician review, proceed to step 8. Further edits can still be made if necessary.

Company Name	Plan Name	Policy Number	Relationship	Plan Effective Date	Plan Termination Date	Remark	Primary Insurance
Amerisource	Medicare Advantage Plans	999999999	Self	06/30/2014	07/01/2014		<input checked="" type="checkbox"/>
PCP							
CAHPS Survey							
Personal & Social History							
Education	Pre-school	Employed	No	How long have you been smoking	1 Year(s)	How many packs	20 Year(s)
Smoking	Yes	Active					
Alcohol	Yes	Day		How long have you been using	10 Year(s)	What drugs/meds	Windex
Drugs	Yes	Active					
Family History							
Family Member	Age of Death	Chronic Disease 1	Chronic Disease 2	Chronic Disease 3	Chronic Disease 4		
Mother	1	V178 - Family History Of Other Musculoskeletal Diseases					
Advanced Directive							
ONR	Yes	Status	Comfort Measures				
Healthcare Surrogate	No						
Power of Attorney	Yes	Name	bob marley				
Allergies							
Diagnosis	Reaction	Severity	Source

Immunization							
Influenza	Year	Source					
	1999	Home					
Surgical History							
Surgery Type	Year Performed	Physician Performed	Source				
Hysterectomy	1999	Zoan Malev	Medical Record				

8) The MA complete tab is usually the final step, click the “Status” checkbox and then “Complete”.

If there are blank fields this message will appear:

Demographic	Insurance	PCP	CAHPS Survey	Personal & Social History	Family History	Advanced Directive	Allergies	Immunization	Surgical History	Hospitalization	Medications	Comprehensive System Assessment	Biometric Measurements
Functional Assessments	Education Provided	View	MA Complete										

TestTWO Two Testtwo

MA Complete

No Data founds for the tab(s): Comprehensive System Assessment,Education Provided,Functional Assessments,Hospitalization,Medications,PCP

Do you want to mark above tabs as N/A?

Status

Completed By

Completed On

Complete

9) Click the N/A checkbox to mark incomplete tabs as null, then click complete to mark the patient as ready for review.

Demographic	Insurance	PCP	CAHPS Survey	Personal & Social History	Family History	Advanced Directive	Allergies	Immunization	Surgical History	Hospitalization	Medications	Comprehensive System Assessment	Biometric Measurements
Functional Assessments	Education Provided	View	MA Complete

Add to Working List

NOVUS Patient Database Web App Project Worklog

- 1) Changed various tabs: Demographics, Insurance, PCP ... as per requirements shared.
- 2) Fixed Drug -> Dosage implementation to remove duplication of drugs and dosage for MA and PR role.
- 3) Added PCP and DE dropdown to search result pop up for patients so patient can be assigned to both roles at the same time.
- 4) Database changes for mapping Provider with Manager portal.
- 5) Fixed SP to display only PR/MA assigned patients in PR/MA role
- 6) Created tab for CAHPS Survey.
- 7) Made functional assessments for - Mini mental, EFST.
- 8) Augmented Comprehensive system assessment.
- 9) Developed following tabs -
 - a. MA Complete tab.
 - b. Screening/Preventive Exams
 - c. Lab Tests Needed
 - d. Education Provided
 - e. Assessments/Referrals
 - f. Recommendations
- 10) Re-created family code list by removing not required ICD codes from existing list.
- 11) Repeated changes made to Medical Assistant role for Provider role.
- 12) Added "Patient Name" on all tabs for both roles.
- 13) Fixed calculation and BMI display on Biometrics tab.
- 14) Added and fixed editing working date from search grid for Provider / MA role.
- 15) Manager role created to assign patients to MA + Provider.
- 16) Manager role changed multiple times:
 - a. Assigned patients to MA and PR both - (Same patient could be assigned to multiple MA and PR).
 - b. A patient should be assigned to only one MA and one PR.
 - c. A patient can be assigned only one MA initially, and assigned to PR only once it is MA complete.
 - d. More filters were added for patient assignment.
 - e. E-Signed block was added to display patients that were e-signed by Providers.
 - f. E-signed patients should not be made available to system for any more processing.
- 17) Added new role "CEO" and its unique page to view complete list of patients.
- 18) Report was added to Manager role allowing all patients to be viewed with their current status.
- 19) Improved UI with VB.NET 4.0 upgrade from v2.0
- 20) Added code allowing MA to self-assign new patients they create
- 21) Upgrade from SQL server 2003 to 2008
- 22) View tab added to MA role.
- 23) Patients of different status were highlighted in different colors in Manager - search filter and report.
- 24) Provided interim Microsoft Excel version for low connectivity/offline areas w/ initial support updates
- 25) Microsoft Access UI published to web for offline access.
- 26) Publish full Novus HTML5 web app with offline to instant server data sync option and encryption.
